Sir:

LETTER REQUESTING CORRECTION OF APPLICATION TITLE

The Notice of Allowance incorrectly substitutes the words “PHOTOSENSITIVE BODY” for “PHOTORECEPTOR” in the title of the captioned application. Unfortunately, the incorrect title also appears in the PAIR application data for this application. Yet the record otherwise (including the patent publication US 2006-0177238) clearly indicates that the application title was amended to read: “ELECTROPHOTOGRAPHIC PHOTORECEPTOR AND IMAGE FORMING APPARATUS HAVING THE SAME”. It is respectfully requesting that the application title be corrected accordingly. It is respectfully requested that this request to correct a PTO error not penalize applicants’ patent extension term.

Respectfully submitted,

NIXON & VANDERHYE P.C.
